Dear Courtney:

On behalf of 5AM Solutions, I wanted to express to you how happy we are with the services provided by Global Services. Working with Jody Franklin was a pleasure. The process to get a GSA schedule is tremendously complex and onerous. Global Services has streamlined this process and made it very manageable. As you know, we used Global Services at our last company and that is why we chose you again. We are confident that we made the correct decision in choosing Global Services.

Thank you again for helping us obtain our GSA schedule and we look forward to working with you in the future as we expand our business.

Sincerely,
