Re: Review of Navy task order proposal

Dear Mr. Hicks,

Thank you for your thorough and professional review of our proposal for the Navy task order contract.

Your suggestions and ideas were very helpful and I believe they were an important part of our being successful in receiving one of the awards on the contract. We have been awarded a contract and we have received task orders after award.

It's difficult to find someone who will do a thorough job of reviewing technical proposals like this quickly, when it is needed. I'm glad to have found your company. And appreciate the great service.

Thank you,
