Dear Miss Fairchild:

I would like to take this opportunity to thank Global Services for the excellent assistance with maintaining our GSA Schedule.

Fig Leaf Software has used Global Services to assist with our monthly maintenance for about 3 years and have always been pleased with the efficient, courteous and professional service that has been provided. I feel confident that I can always ask Global Services any question about our GSA contract and I get correct prompt responses. From the receptionist at Global Service to our Account representative we couldn't ask for better service.

I have, in the past and will continue to, recommend the staff at Global Services to anyone inquiring about obtaining or maintaining a GSA Contract.

Thank you for being so great to work with!

With warm regards,

  
Michelle Hanley
