Mr. Martin Hicks
Vice President, Business Development
Global Services
1401 14th Street, NW, Third Floor
Washington, DC 20005

Dear Martin:

I am delighted to provide this letter of reference for Global Services.

The company did an excellent job of researching my areas of interest within the Federal Government and providing me with that information in an organized and useful manner. Receiving the information from you about agency priorities and "players" saved me many days of searching on my own.

I also feel that your professional understanding of my business needs, and related advice that you have provided, have been very helpful. You helped me get on target and answer some key questions in a hurry. You also have been very timely with your responses and were always there when I needed to make contact.

Please let me know if I can provide additional information. I would be happy to respond.

Best regards and best wishes as you move ahead.

Sincerely,

Brian Fitch
Owner
